

Dear Mother,

Just a bit of a note
to let you know I am still
ok & should be home within
the next few years.

Bert Nixon is taking
this for me, & he will be
able to tell you how I am,
& all the latest news from
this side of the world.

All our relatives on
this side of the water were
well when I last heard
from them.

Wish I were on the
boat with Bert. There are

a lot of chaps I know over,
including my old platoon
serjant & many others I
have met here in this camp.

Well, Mother, shall
soon be home again. Have
been quite a long time
away now. Quite different
to my schooldays when
we thought ten weeks was
long.

Best of luck to all I care
folk. Love to you all at
home, & wishing you are
all well

Your affect son
Jack.
